

Connecting Units 8' x 40'

This building is modular, made of three or more 8' x 40' units connected, and is ideal for larger internal space requirements. You may connect as many 8' x 40' units as you want, adjusting the building size accordingly. Standard features include AC electrical system, removable internal posts, windows, entrance doors, 2" rigid insulated finished walls and ceiling, and finished linoleum/vinyl floor. This unit is manufactured from new, ISO standard steel containers and can be quickly transported via standard cargo container ships, trucks or rail; it is shipped as separate 8' x 40' units that can be connected together on site. This building requires no foundation and carries a 10 year structural warranty. To achieve proper alignment, this building must be placed on a level surface. Assembly is quick and easy with a watertight reusable rubber seal. Rugged and durable, this building is ideal for classrooms, dining halls, medical clinics, shelters, etc. - adapt your interior usage as needed. This unit also offers great resistance to natural disasters. Delivery of this model is available to all destinations in the USA and Canada.

Standard Features

- AC electrical system, which includes breaker panel, fluorescent light fixtures, wall receptacles, wiring, etc.
- Telephone and internet connection (wiring, telephone jacks)
- 2" rigid insulated finished walls and ceiling
- Windows which are 5mm thick and feature removable metal window shutters (number of windows varies according to the number of units connected)
- Two (2) entrance doors with lock and keys
- Finished linoleum/vinyl floor
- Finished internal posts, which can be removed
- Ventilation fans with on/off switch
- 10 year structural warranty
- Great resistance to natural disasters, including resistance to winds up to 100 mph (175 mph with anchoring)

Available Options

Additional 8' x 40' units can be added to the center of the building. Each unit adds 8' to the building's width, two (2) windows, three (3) fluorescent light fixtures and four (4) removable posts.

Quality Guaranteed

All our multi-purpose portable buildings are manufactured from new, ISO standard steel containers and carry a 10 year structural warranty.
